This spectrum, with the exception of the Domestic Equity category, is based on Fidelity’s analysis of the characteristics of the general investment categories of the investment options and not on the actual security holdings, which can change frequently. Investment options in the Domestic Equity category are based on the options’ Morningstar categories as of 7/31/2013. Morningstar categories are based on a fund’s style as measured by its underlying portfolio holdings over the past three years and may change at any time. These style calculations do not represent the investment options’ objectives and do not predict the investment options’ future styles. Investment options are listed in alphabetical order within each investment category. Risk associated with the investment options can vary significantly within each particular investment category, and the relative risk of categories may change under certain economic conditions. For a more complete discussion of risk associated with the mutual fund options, please read the prospectuses before making your investment decision. The spectrum does not represent actual or implied performance.
Tier 3: Fidelity BrokerageLink®

Fidelity BrokerageLink® combines the convenience of your workplace retirement plan with the additional flexibility of a brokerage account. It gives you expanded investment choices and the opportunity to more actively manage your retirement contributions. A self-directed brokerage account is not for everyone. If you are an investor who is willing to take on the potential for more risk and you are prepared to assume the responsibility of more closely monitoring this portion of your portfolio, it could be appropriate for you. However, if you do not feel comfortable actively managing a portfolio of options beyond those offered through your plan’s standard investment options, then a self-directed brokerage account may not be appropriate for you. Additional fees apply to a brokerage account; please refer to the fact sheet and commission schedule for a complete listing of brokerage fees. Remember, it is always your responsibility to ensure that the options you select are consistent with your particular situation, including your goals, time horizon, and risk tolerance.

Transfer/Rollover/Exchange Form

Instructions: Use this form to move assets to your Fidelity employer-sponsored retirement account from a previous investment provider. You may also use this form to consolidate multiple employer-sponsored retirement accounts currently at Fidelity. If you do not have a retirement account with Fidelity, you must also complete an Account Application/Enrollment Form or, when available, enroll online at www.mysavingsatwork.com. If your current employer does not offer a retirement plan record kept by Fidelity, your employer needs to establish a retirement plan prior to your vendor or contract exchange or rollover to a Fidelity account. An incomplete form may delay the processing of your request. Use a separate form for each investment provider.

Unless otherwise instructed by your employer, please return this vendor or contract exchange/rollover form in the postage-paid envelope provided OR

By signing this form:

- I hereby direct the investment provider identified on this form in Section 2 to liquidate the designated amount of the account(s) listed on this form, and to release the proceeds to my account under my employer’s plan, except to the extent my current employer or any of my former employers prohibit such release. In the event of such prohibition, I hereby direct said investment provider to retain the portion of my account(s) that cannot be released in a separate account or contract and to release the remainder.

- I hereby agree to the terms and conditions stated in this form, including the instructions, and certify that I am requesting a vendor or contract exchange, in-plan transfer, or rollover, of my retirement plan assets in accordance with applicable IRS and plan rules.

- I certify under the penalties of perjury that my Social Security or U.S. Tax Identification number on this form is correct.
